

# Flight Dispatcher Course

If you are considering a career as a Flight Dispatcher, FSTC Europe will provide you with the required training.

The duties of a Flight Dispatcher is to responsibly plan an aircraft's flight path, taking into consideration the performance and load of the aircraft, weather conditions, fuel requirements as well as possible risks. The Flight Dispatcher has the authority to delay or even cancel flights to ensure the safety of each flight.

## Theoretical Training

Theoretical knowledge instruction that meets the requirements of ICAO and covers topics of the ATPL theory, provided by experienced instructors (flight dispatchers and subject matter experts).

- Civil Air Law and Regulation
- Aviation Indoctrination
- Aircraft Mass and Performance
- Navigation
- Air Traffic management
- Meteorology
- Mass and Balance Control
- Transport of Dangerous Goods by Air
- Flight Planning
- Flight Monitoring
- Communications – Radio
- Human Factors
- Security (Emergencies / Abnormal Situations)

## Practical Training

FSTC Europe in cooperation with aircraft operators provides 28 Hours (4 days) practical training after the end of the theoretical lessons where the trainees under the supervision of flight dispatcher instructors are getting realistic on job training.

## **FDC 1**

### **(for trainees without previous aviation experience)**

- In case that the trainee does not have any aviation background, a full lecture of all the required courses is mandatory.
- Training Hours: 285 / 55 Training Days
- Total period of stay : 64 Days

## **FDC 2**

### **(for trainees with previous aviation experience)**

- In case that the trainee has worked in an aviation environment and taking into consideration that he / she is already aware of the theoretical training fundamentals, less training hours are required.
- Training Hours: 169 / 35 Training Days
- Total period of stay : 43 Days

## Course Requirements

- Be at least 20 years old
- Have very good knowledge of the English language.
- Have good knowledge of basic Mathematics and Physics.
- Previous aviation experience is not required but it is an advantage

## Additional Training Information

- The entire flight dispatcher training takes place in FSTC Europe Headquarters in Athens, Greece.
- All the classrooms are equipped with individual desktops in a friendly environment.
- During your training, you will be staying in either a 350 square meter villa just 5 minutes away from our premises or in a seaside hotel just 15 minutes away.
- Your transportation throughout the training is offered by FSTC Europe.
- Full board services are also offered during your training with us.
- FSTC Europe will provide you with a pilot's bag with all basic study materials and piloting essentials including:

### **The complete Oxford Aviation study pack**
