TRAINING BROCHURE

(EASA)

FSTC Europe is an EASA approved Training Organization (ATO) located in Athens, Greece. FSTC Europe Management Team consists of highly experienced aviators from the worldwide aviation industry. FSTC Europe state-of-the-art facilities and equipment makes all our training as real as it can be. Ground courses can take place in our HQ in Athens, Greece, our simulator facility in Sharjah, UAE or our New Branch in Ahmedabad, India.

To offer you a training package exceeding the minimum training part according to all regulations, we have worked on our Quotation "A320 Initial Type Rating" including all WBT/Web Based Training, Ground School, Simulator Sessions, TR Instructor and TR Examiner fees.

Our dedicated Instructors are highly experienced professionals and they put all their many years of aviation experience into the training they provide. From cockpit layout to course content, our type- specific training is tailored to your individual or airline's needs.
